The information in this leaflet is derived from testing conducted in third party, accredited laboratories, information provided by our suppliers and published resources. The nutritional information is based on standard product formulations and serving sizes. All nutritional information is based on average values for ingredients from El Pollo Loco's suppliers and is rounded to meet current federal guidelines. Variation in serving sizes, preparation techniques, seasonal differences, product testing and sources of supply may affect the nutrition values stated for each product. Substitution of ingredients may alter nutritional values. In addition, product formulations may change periodically. You should expect some variation in the nutrient content of the products purchased in our restaurants. This information is valid as of March 2019, unless stated otherwise. For nutritional updates, changes and additional information, visit www.elpolloco.com. WARNING: Cooked potatoes that have been browned, such as French fries, contain acrylamide, a chemical known to the State of California to cause cancer. Acrylamide is created whenever potatoes are browned and is not added to our foods. The FDA has not advised people to stop eating baked or fried potatoes. For more information see www.fda.gov. All ingredients used in El Pollo Loco products contain 0 grams per serving of artificial trans-fats. Some foods contain naturally-occurring trans-fats. In some menu items, when all sources of trans-fat are added together, the value of trans-fat exceeds what can legally be labeled as 0 grams trans-fat per serving.
